PAINT AND INTERIOR PROTECTION

Joe Duffy teamed up with Carmour Paint and Interior Protection to give your car an all-round protective layer. Maintain the showroom condition of your vehicle and eliminate the need to wax and polish. Protect your seats and carpets from dirt and spills while preserving the texture and appearance of the interior.

After our trained technicians have professionally applied our protection to your car, we provide you with a selection of aftercare products to keep your car gleaming. Our comprehensive aftercare range has been specifically designed to give you all the car cleaning and car detailing products you'll require to keep your car in pristine condition.

PAINT PROTECTION

Our paint sealants are some of the most technologically advanced treatments available. The tough, high-gloss barrier bonds to the paintwork, seals the surface against harmful UV rays, acid rain and atmospheric pollution.

FABRIC/LEATHER PROTECTION

Liquids and dirt can't penetrate the fabric or leather once coated with Fabric/Leather Protector. Therefore it may pass between or rest above fibres but won't affect them.
